

Tayabas City Website Front-End Design Documentation

Project Title: Tayabas City Official Website – Front-End UI Design

Tool Used: Figma

Team Role: Collaborative Front-End Design Team

1. Project Overview

The Tayabas City Website aims to provide a modern, responsive, and user-friendly platform for the citizens of Tayabas to access government services, news, and community updates.

The front-end design was crafted with user experience (UX) and accessibility in mind, using Figma as the primary tool for wireframing, prototyping, and design iteration.

2. Team Members and Roles

Name: Flores, Sean Carlo – Front-End Designer, Graphic Designer

Name: Palad, Josep Anthony –Front-End Designer, UX Researcher, Graphic Designer

Name: Mendieta, Gemrey Chrizette – Graphic Designer

Name: Agudilla, Lea Marie – Documentation Lead

3. Design Process

a. Research and Planning

- Reviewed existing city website for layout and content benchmarking.
- Consulted local government offices for requirements and public service needs.

b. Wireframing

- Low-fidelity wireframes created to outline homepage, navigation, service pages, and accessibility sections.
- Emphasis on layout hierarchy, clarity, and mobile responsiveness.

c. Prototyping and UI Design

- Built high-fidelity mockups using Figma.
- Components designed using atomic design principles (buttons, cards, banners).
- Interactive prototype link:
<https://www.figma.com/proto/LKDIdbPUCmVHFxicrgrOVb?node-id=0-1&t=hv6jQ5YIiD3Y4cs0-6>

d. Feedback and Iteration

- Conducted internal feedback sessions.
- Incorporated adjustments on button placements, font hierarchy, and color accessibility.

4. Key Design Elements

- Color Palette: Inspired by Tayabas City's cultural colors.
- Typography: Clean, modern fonts for readability across all devices.
- Navigation: Responsive navbar with dropdowns and quick access to public services.
- Imagery: Hero sections and banners use background information
- Accessibility: Color contrast, alt-text, and layout scalability prioritized.

5. Prototyping Features in Figma

- Interactive buttons with hover states.
- Scrollable sections for news and announcements.
- Embedded videos and modal preview simulation.
- Anchor links for faster in-page navigation.

6. File Structure and Component Use

- Pages: Homepage, About, Services, Governance, Tourism, Latest News and Reports
- Components: Header, Footer, Hero Banner and Card Grids
- Design System: Included styles, text components, and reusable elements

7. Next Steps

- Conduct usability testing with sample users
- Collaborate with developers for front-end implementation
- Prepare content upload and CMS configuration
